FIELD CROP ABSTRACTS

VOL. 9, Nos. 1, 2, 3 and 4
and Annual Indexes
1956

Prepared by the
COMMONWEALTH BUREAU OF PASTURES AND FIELD CROPS

Published Quarterly by
Commonwealth Agricultural Bureaux, Farnham Royal, England

The chief aim of this Bureau is to abstract all published results of current scientific research on annual field crops, herbage and fodders, and to make these abstracts available through our two quarterly journals, *Field Crop Abstracts* and *Herbage Abstracts*. To achieve this aim, the Bureau staff maintains a constant scrutiny of approximately 900 periodicals, reports and occasional publications which reach us from more than 75 countries. A list of these periodicals and reports examined was published in February, 1956, bound in with *Field Crop Abstracts* Vol. 9, No. 1. The Bureau is always seeking to expand its coverage and suggestions for suitable additions to this list will be appreciated. All scientific publications relating to annual field crops, herbage and fodder crops, particularly special reports and advance copies of papers, are required so that they may be abstracted and their contents made known to our readers with the minimum of delay. *Field Crop Abstracts*, now in its 9th year, has a world-wide circulation.

Translations are not undertaken by the Bureau, neither can publications other than reprints be loaned, but arrangements can be made with an outside agency to supply photostat or microfilm copies at cost price.

Suggestions for review articles, or comments on those published in the journals, are invited.

The Director is always pleased to receive comments on *Field Crop Abstracts* and any suggestions for its improvement.

FIELD CROP ABSTRACTS

The subscription rate (post free) for *Field Crop Abstracts* Volume 9, 1956 (4 issues), is 45s. sterling, with 20% discount for subscribers (non-trade) in the British Commonwealth and the Republics of Sudan and Ireland, who send their orders direct to the Commonwealth Agricultural Bureaux, Central Sales Branch, Farnham Royal, Bucks, England. No discount is allowed on earlier volumes.

Owing to heavy increases in the costs of paper and printing, the subscription rate of *Field Crop Abstracts* will be raised to 50s. sterling (in U.S.A. and Canada $7.00) for Volume 10 (1957).

Payment can be made by personal cheque at current rates of exchange, by International Money Order, by Bank Draft in sterling, or, in certain countries, by UNESCO Book Coupons. In countries other than U.S.A. and Canada, the approval of the local exchange control must be obtained, when required, for payment by personal cheque.

Scientific enquiries should be addressed to: The Director, Commonwealth Bureau of Pastures and Field Crops, Hurley, Berkshire, England.

HERBAGE ABSTRACTS

The subscription rate for *Herbage Abstracts* is the same as for *Field Crop Abstracts*. *Herbage Abstracts*, issued quarterly, presents, in condensed form, the world's current scientific literature on grasslands, fodder crops and their management. A specimen copy will be sent on request.

Where † follows the number which appears before the title of an abstract, it indicates that the abstract, or book review, is also reproduced in *Herbage Abstracts*.

The locality shown in square brackets in the Title Heading indicates where the work reported was carried out.

* For abstracts dealing with plantation crops, including sisal, sugar-cane and tobacco, see *Horticultural Abstracts*.
